Middleboro High School
Middleboro, Massachusetts
1988

Student life here at Middleboro High is comprised of many experiences — many building blocks — which have helped us to grow as a class, and as individuals. One of the most memorable of these experiences occurred at the end of our junior year, when the Class of 1988 journied to Washington, D.C.

This was only the beginning;
greater things were to come . . .

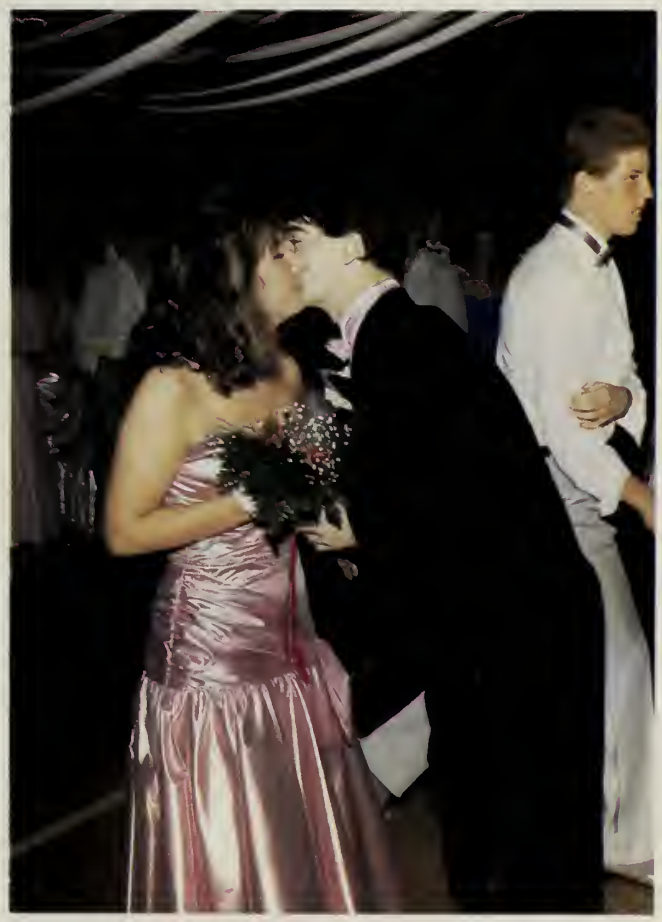
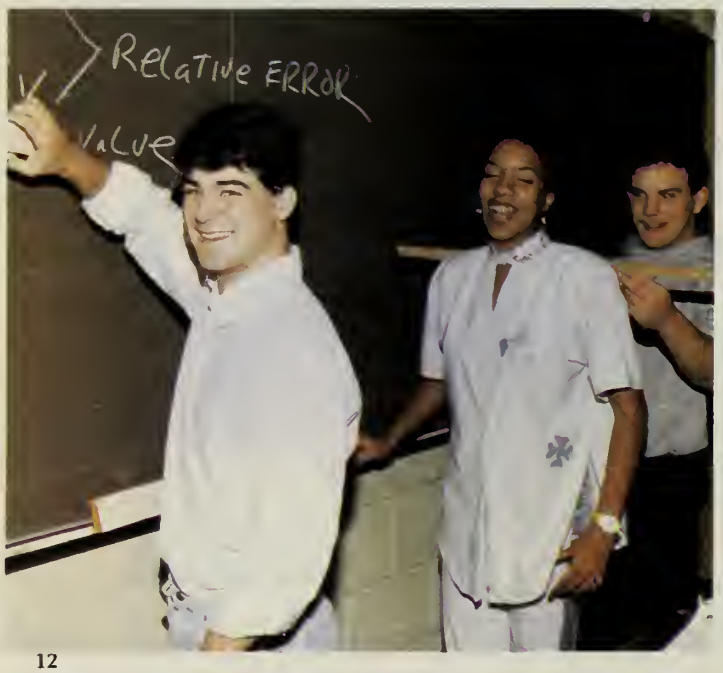
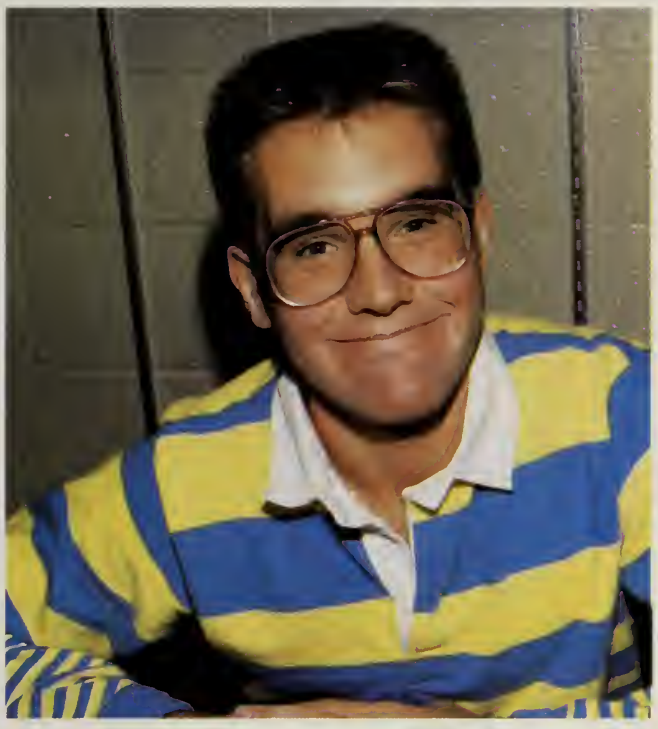
Castle In The Clouds



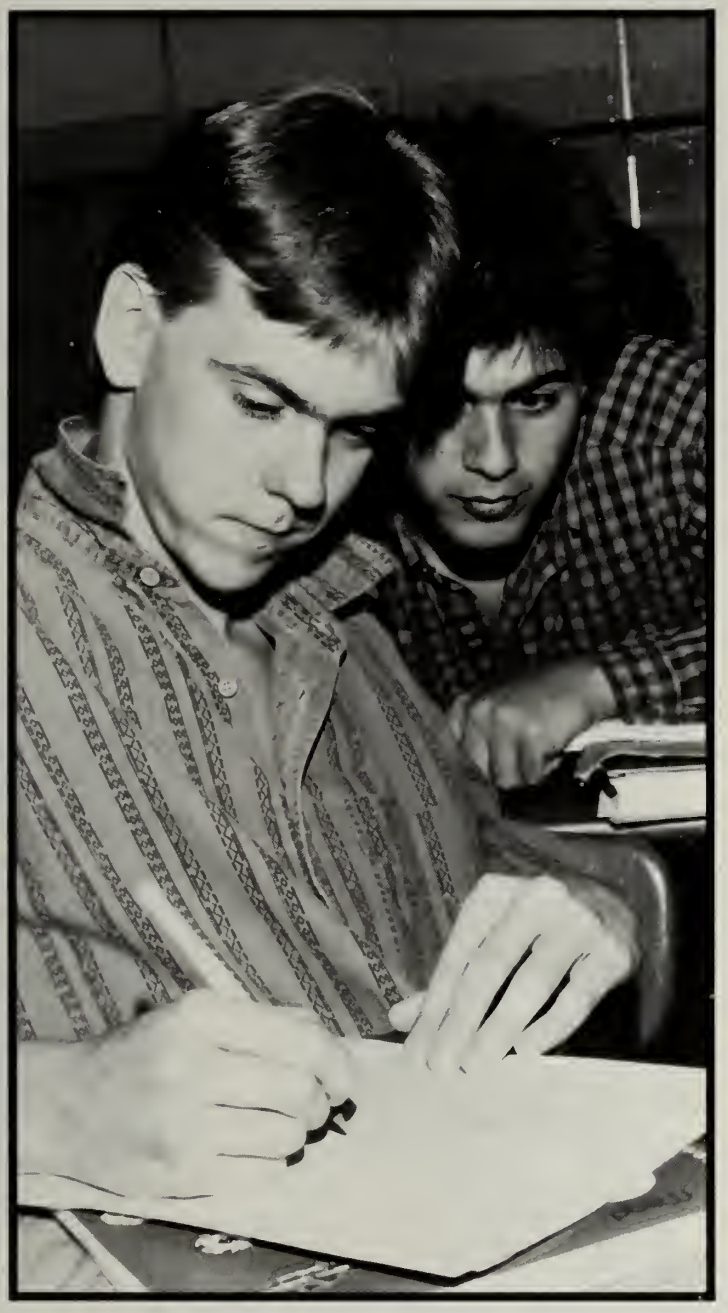


RELATIVE ERROR
VALUE



Since our birth various experiences have shaped and influenced our lives. Our parents have taught us to walk, to talk and to reach out to others. Our teachers have provided us with education and support, while our friends have given us the freedom to learn about others, and about ourselves.

Through the years we have come to a greater awareness of who we are and of what we hope to accomplish with our lives. Our decisions for the future have to a great degree been formed and influenced by those people and those experiences we've shared. One after another these people and these experiences have shaped us into the people we are today, and have given us direction for what we hope to become tomorrow.



SENIORS

Building blocks are a wonderful representation of our journey to fulfill our dreams. They build on one another, as we have done, and together they reach their goal.

Together, as the Class of 1988, our first challenge has been met. We go on now to even greater ones, knowing the support and the caring that has brought us to this point will continue through the years ahead.

This Yearbook is Dedicated to
GLENN CONNOLLY

After a long and valiant struggle, Glenn was taken from us on November 5. The loss was felt by classmates and faculty alike; his strength and courage have left a lasting impression on us all.

Glenn was — and is — a very special part of the Class of 1988. For the time we shared, we are grateful.

Thespians Tour Britain

During April vacation of last year, the Speech and Theatre Workshop sponsored a Curtaintime Tour to London. Students enjoyed joining the crowds at Buckingham Palace for the changing of the guard, touring Shakespeare's birthplace, walking through the halls of Oxford, viewing Stonehenge, and attending plays in London's fabulous theatre district. Everyone had such fun and learned so much that the workshop hopes to continue offering such trips.

Francophiles Sojourn in Paris

Last year sixteen students from Level III and IV French classes toured Paris during Easter vacation. The nine-day sojourn was a growing experience for everyone. We walked (and ran) our feet off and saw all the major sights of the City of Lights. Included in these were Versailles, the Louvre, the Arch of Triumph, the Eiffel Tower, Napoleon's tomb, and the new Museum of Impressionism. We even attended Easter Mass at Notre Dame. Fabulous weather allowed us to enjoy outdoor cafes and picnics in the park. The trip was enjoyed by all, and will remain in our memories for many years to come.

Liz, Tina Study Abroad

Tina Paoella and Liz Ellis shared the opportunity to live and learn broad during their junior year. Tina was in India, where she attended chool and became almost fluent in the language. Liz's year was spent n Brazil, where her friends and host family and school also gave her an xcellent command of the language. Both girls traveled widely, and njoyed many priceless experiences. It was a wonderful year!

Senior Fun!

"The art of teaching is the art of assisting discovery."

. . . Mark Van Doren

Our years here at Middleborough High have been filled with many discoveries — about ourselves, and about our place in the world. The faculty here at MHS has done much to assist us as we've grown. With their support and direction we've built an image of ourselves as individuals, and as a class that will guide us well in the years to come.

DR. LINCOLN D. LYNCH
Superintendent of Schools

MESSAGE TO THE CLASS OF 1988

Hope may seem quite futile
when with troubles you're beset.
Black clouds may surround you and the future
seem quite dim,
Don't let your nerve desert you
Set your chin and bore right in.
Just remember you are facing
what others too have met.
You may fall, get up, keep grinning.
Remember He is with you and you two
can't help but winning.

MR. WILLIAM WASSEL
Principal

To The Class of 1988,

I am sure that most of you will agree that the four years you spent at Middleborough High School went by very quickly. Each of you have made a decision as to what direction your lives will go after you leave us. We, the entire staff at M.H.S., hope that you feel that we have helped you make that decision and prepare you for the exciting years to come.

We sincerely wish that all of your future endeavors be successful ones and that your lives be productive. The Class of 1988 has left its mark at M.H.S. and we will always have fond memories of you.

Good luck!! May you bring credit to your family, our school and our community.

Sincerely,

William S. Wassel

INVOLVEMENT

During high school, leadership in many forms is encouraged and developed. From student government and service organizations to music and theatre, the action — the leadership — of individuals builds to form the foundation of the group. Thanks to the leadership of many, the foundation of 1988 is strong.

THE STUDENT VOICE

STUDENT COUNCIL OFFICERS
Jen Sherman, secretary; Kim Petrowski, president; Lorna Holmes, treasurer; Heidi Jewell, vice-president.

Student voice in the decision making process here at Middleborough High is a long-standing tradition. From class officers and other elected posts in student government to those who function on class councils, the strength and variety of this voice is created, and leadership and responsibility is developed.

MEETING THE CHALLENGE

Academic achievement combined with leadership qualities are marks of the well-rounded student. A number of groups and programs within MHS seek to recognize and further develop such students, by applauding what they have accomplished, and by providing them with even more challenging and exciting goals.

REACHING OUT

Communication is the key to understanding ourselves — and others. The Video Tech Class, now in its second year, deals with the audio-visual aspect of this communication, providing programs for the school and the community at large. Monthly the Journalism Class publishes the *Sachem Sentry,* which incorporates work from the group itself as well as writing from students throughout the school. The *Timaron* Staff oversees the planning, layout, mechanics, photography, and production of the yearbook. To learn more about our fellow students, our school, our community, and ourselves is the goal of each of these groups.

"ALL THE WORLD'S

The Speech and Theatre Workshop was established in 1978 for the purpose of giving talented students an opportunity to participate in the production and performance of plays from the great treasure of world theatre. Approximately one hundred fifty students join the workshop each year and are exposed to the areas of mime, improvisation, and technical theater. Field trips are sponsored to regional college and professional theatre as well as to the annual New England Theater Conference. The group is self-supporting and one of the most active at Middleborough High School.

ATTUNED TO PERFORM

At the Christmas Concert.

Music plays an integral part in all our lives. To some is given the unique ability to *create* music — with instrument, voice, or both. Long hours of practice gain their reward when performance on stage or on the field is justly applauded. We are all richer for the dedication of these talented musicians.

MAJORETTES

The Majorettes have worked very hard during half-time performances this past season. This very cooperative group has a desire to learn which is later expressed in outstanding performances on the field. The five seniors have been twirling together since seventh grade. Through the years we have grown together and hopefully our leadership will play an important role as the underclassmen take over our responsibilities. Good luck in the year ahead!

A CUT ABOVE

While here at Middleborough High, some students prepare for work as beauticians by combining regular classwork with instruction and hands-on experience at LeBaron Academy in New Bedford. Over 1,000 hours of field work are required to gain this dual degree. Other students are involved in the Culinary Arts Program, which sponsors the *Sach-Yum Cafe* several months each year. All menu selections from the cafe are planned, prepared, and served by students.

Jeff and Glenn before the Junior Prom — 1987.

Bente Tylden and Birgit Meyen, Exchange Students — 1987.

Lorraine Rooney, Heidi Jewell and Marie White at Acadia in 8th grade.

Happy Birthday!
Cheryl, Lorna and Amy — 1980.

Remember When . . .

JC and TD went to Scusset in May — and SWAM
SL's dress fell down at the prom
SH, DB, CD, ST & TT skipped 4th lunch to hit McD's
SW and KP cruised Middleboro center 26 times
EG fell in the swamp in Bio class
SL & AM left MW and CR "between the lakes"
KF burned a hole in DR's pants
GL. BC, MH, DM & JW got caught on a pumpkin run.
SS and LS HATED each other in 7th grade
MR, BC, RS, GM, & LR were in Culinary Arts
The umbrellas in DC
The nice, peaceful CYO dance in Southie
The big, cardboard protractors never got to Riverside Park
The Field Hockey team did the Locomotion.
IS locked his keys in his car and left it running
The Metro in DC
Half the Red Team in 7th grade got suspended
We had SILENT LUNCHES!
We had bagged milk
Permission slips were required for dances
We hit Plymouth Beach before the Junior Prom
BC broke both her legs
Adam came to Middleborough
We had kissing contests on the bus home from ski trips in junior high
Richie drank sour milk
KO fainted in the middle of Intramural basketball
BC, MD, KO, SP and JS took the infamous taxi ride in DC.
We had Whale Watches
Student Council Convention'87
They asked "Are you a buser or a walker?"
"Snowflakes"
DC could not find the Oreo cookies
Period 4 talked about drinks in Bio II
Volleyball and hackey sac raged in summer, '86

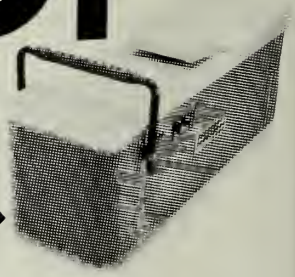
Become A Member Of The Firm.



Firm.

That's what you'll be after just a few weeks of workouts on the exciting new Professional Toning System by SunTana. You'll firm up sagging muscles, tone your body, tighten your skin and lose inches. Fast.

And you'll get results without muscle strain or fatigue. You'll even improve circulation and help rid your body of problem cellulite.

The Professional Toning System uses extraordinary new fitness machines that combine the best principles of isometric and physical exercise programs. The system is based on a remarkable concept proven successful in many physical therapy and rehabilitation programs.

Each workout takes less than an hour — eight minutes on each machine. And you won't have to shower, change clothes or even fix your makeup after your workout because the Professional Toning Systems leaves you feeling refreshed, instead of needing to freshen up. Plus, there's no membership fee, joining costs or any of the other hassles found in typical fitness "clubs."

For more information on how the Professional Toning System can work for you, call today.

And come get a good look for yourself.

THOSE WERE . . .

THE DAYS!

DESIDERATA

Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible without surrender, be on good terms with all persons . . .

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness.

Beyond a wholesome discipline, be gentle with yourself.

You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive Him to be. And whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.

With all it sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.

Max Ehrmann
